# **2ND SABAH AO TRAUMA ROADSHOW FOR OPERATING ROOM PERSONNEL 2017**

Operating room personnel (ORP) play a crucial role in assisting orthopaedic surgeons in preparing and performing surgery.

Adequate training is vital to equip them with the necessary skills to provide effective support.

This course aims to strengthen the understanding and skills in the basic management of fractures while enhancing basic knowledge of common equipment used in orthopaedic surgeries.

The program will include

- management of trauma patients -
- orthopedic implants and instruments -
- practical demonstrations and group discussions -
